

Homework Diary – Year 6 12.09.22 - 16.09.22 2022-23

Each week, in addition to the homework below, the expectation is that the children will have completed 2 Read Theory activities (the children have the login details for this online programme).

Monday	Write each new spelling word 3 times, then write a sentence underneath. E.g. suggest, suggest, suggest We suggest it is a very good idea to practise your spellings.
Tuesday	Arithmetic paper (make corrections) 1 incorrect = 1 correction, 2 incorrect = 2 corrections, 3 incorrect = 3 corrections, 4 or more incorrect = choose 4 questions to correct at home. If you are stuck on a question and need help, feel free to ask for help from someone at home for help if you wish, if you are not able to and still stuck then don't worry and we can make any further corrections in class.
Wednesday	Comprehension or SPaG activity.
Thursday	Spellings (EdShed) and times tables practise (Times Tables Rockstars)
Friday	Maths Worksheet to consolidate week's learning
